# SI BALLISTIC HALO GOGGLE

SI / MILITARY EXCLUSIVE

ALPHA is an ecosystem - - modular and scalable to meet the unique demands of those who face the unknown. Whether a soldier is configuring a weapon or a load carriage, versatility is key. That's what inspired the ALPHA concept, a design that offers multiple configurations based on the mission and methods of infiltration. ALPHA is a three-part system composed of a frame, gasket and goggle. A single lens works across all platforms.

# SI STRAIGHT JACKET®

Oakley made Straight Jacket® for those who understand that style is something you define yourself — it's not the world's idea of how you should look. If you need the world's opinion, Straight Jacket® isn't meant for you. The first design was created more than a decade ago, and it blended the art of Oakley with the science of precision optics. This latest edition combines aggressive styling with the best technologies ever to dominate light rays.

# SI GASCAN<sup>®</sup>

Inspired by the street glory of speed machines, Oakley<sup>®</sup> design language did a complete 180 in 2005. We traded soft curves for straight edges and hard lines to sculpt our very first high-wrap lifestyle shades. The toric lens design became known as Gascan<sup>®</sup> and it spawned an aesthetic so new and original, we customized our corporate logo for the frame.
